

# STRIVE

The Science and Technology  
Research Initiative for the  
Vermont Economy

**STRIVE aims to build research capacity and foster educational interconnectivity across Vermont, creating stronger pathways for collaboration and innovation in STEM.**

## The Science and Technology Research Seed Funding (STaRS)

Seed funding to launch scalable research that builds infrastructure, creates student opportunities, and leverages regional partnerships to advance Vermont's STEM economy.

**Deadline Oct. 15 & April 15** [Apply at strivevt.org](https://strivevt.org)

**FREE Webinar:** Neurodiversity and STEM:  
Rethinking How All Minds Can Thrive
